RED CLOVER HERBAL APOTHECARY FARM

is located in Amery on five picturesque acres of land surrounded by rolling prairie filled with native flowering plants and grasses. Red Clover Farm is certified organic and strives to work with nature, not against it, by building healthy soils that produce healthy plants that contribute to the health of people. The herbs attract many of nature's creatures, including critical pollinators: the bees, butterflies, and bats. Red Clover grows, produces, and sells teas, tinctures, salves, and more. Farm Table is proud to feature Red Clover's herbal teas on our menu and other products in our retail space.
